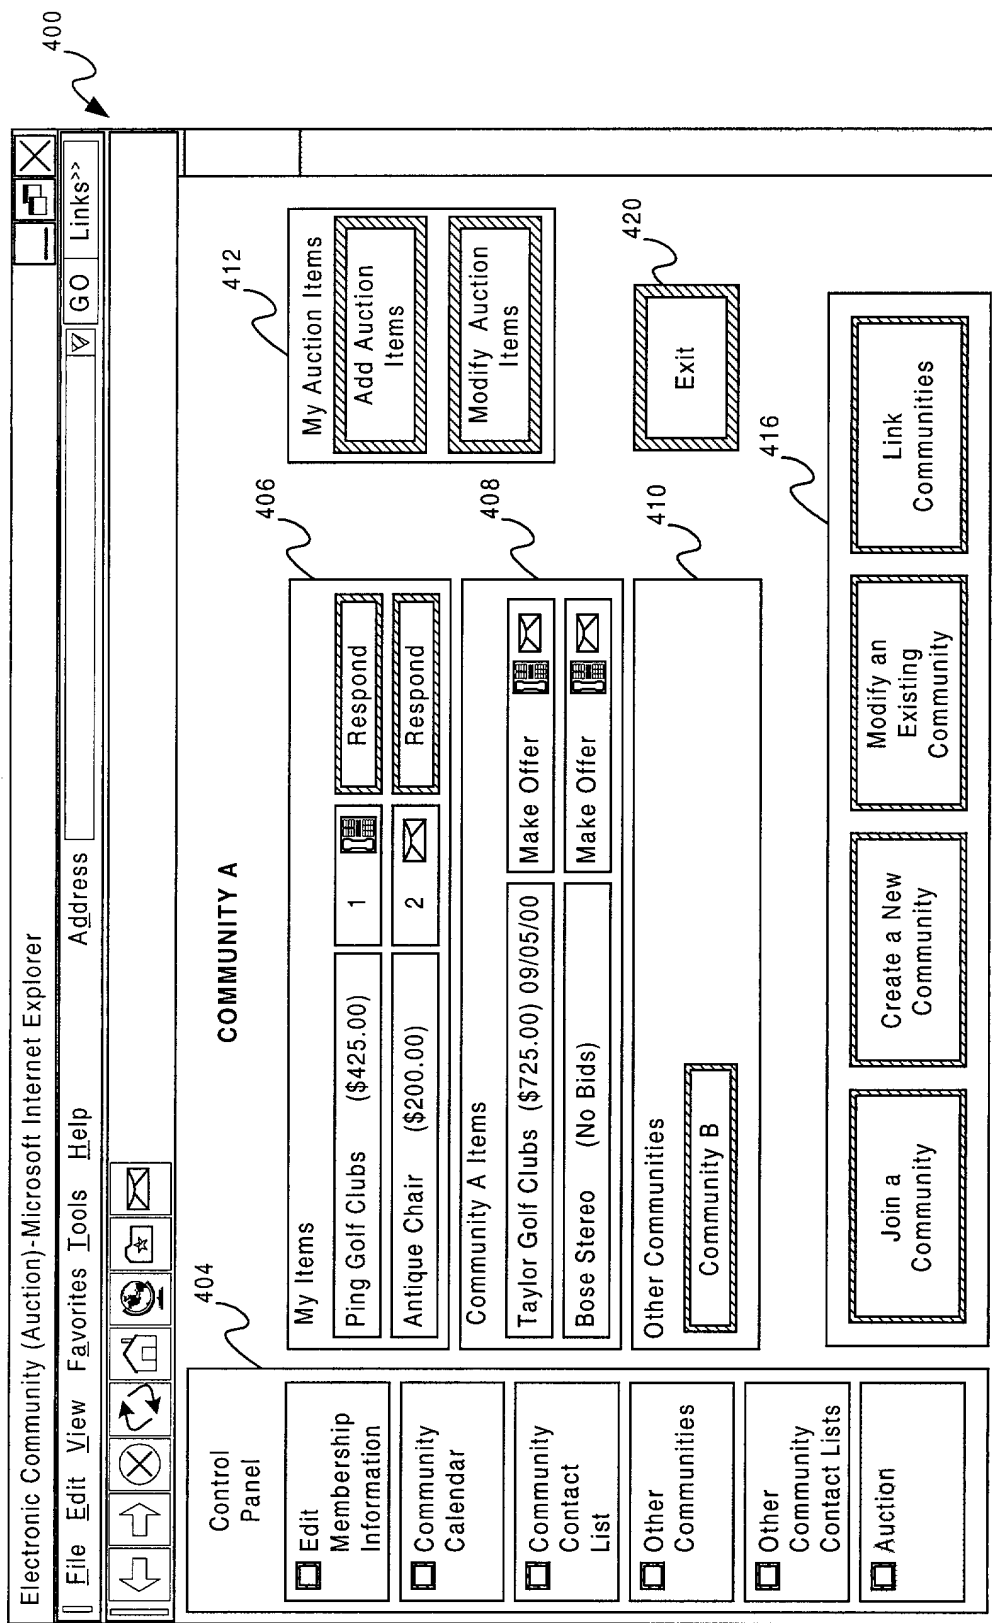

Figure 4

Figure 1 is a screenshot of a web browser window displaying a search interface. The browser's address bar shows the URL "http://www.example.com". The page layout includes a header section with a search bar and three buttons: "Search", "Clear Search", and "Help". Below the header, the search results are organized into five columns. The first column, labeled "Name", lists the names of the search results: "Fred Smith", "Jane Dow", "Brian Shadd", "Richard Hamming", and "Robert Strum". The second column, labeled "e-mail", lists the email addresses: "fsmith@email.com", "jdow@mail.com", "bshadd@yahoo.com", "hamming@msn.com", and "not available". The third column, labeled "Community", lists the community names: "Community A", "Community A", "Community B", "Community B", and "Community B". The fourth column, labeled "Identifiers", lists the identifiers: "name" and "community". The fifth column, labeled "e-mail", lists the email addresses: "e-mail" and "e-mail". A label "500" points to the browser window. A label "502" points to the search bar. A label "506" points to the "Search for items" column. A label "510" points to the "Identifiers" column. A label "512" points to the "Community" column.
